Medical Library Association Continuing Education Courses

Friday, October 5, 1973

Writers' Manor Hotel, Denver, Colorado

CE 4 General Biomedical Reference Tools

An introductory course intended for personnel with limited training or experience in which basic reference works common to many health science libraries are examined. Coverage includes an introduction to: Index Medicus, Abridged Index Medicus, Hospital Literature Index, International Nursing Index, Index to Dental Literature, various directories and specific reference works such as the Dictionary of Medical Syndromes, etc. CE 4 has been revised this year to provide an introduction to the more commonly used reference tools in health-related libraries.

Instructor: Ms. Gloria Werner, Head, Reference Department,  
UCLA Biomedical Library

CE 16 Management of Media in Libraries

Media in libraries is explored from a practical point of view, providing the librarian with basic knowledge and considerations to enable planning and implementing media programs in support of medical education. Emphasis is given to organization and management, storage and handling, cataloging and indexing, and acquisition (Librarians who have attended this course at the National Medical Audiovisual Center should not apply for CE 16).

Instructor: Ms. Margaret Johnson, National Medical Audiovisual Center,  
Atlanta, Georgia
