MLA Goal – 1. Recruitment, Membership, and Leadership in the Profession

- MCMLA currently has 190 active members of which 8 are students, 13 are vendors, and 169 are regular members. This includes members within our 7 states and others who now reside outside the chapter states. The Membership Committee has arranged a contact in each of the 3 library schools within the chapter. The Membership Committee posts new memberships to the chapter listserv. New members are also interviewed for the chapter newsletter.

- The Honors and Awards Committee solicited for and processed all self-nominations for the STARS program based on accomplishments of members. Thirty-one members participated in the MCMLA STARS program for the 2011 annual meeting. The chapter gave three awards to deserving members. The Barbara McDowell Award for excellence in Hospital Librarianship was given to Karen Wells, Denver, Colorado. The Bernice M. Hetzner Award for Excellence in Academic Health Science Librarianship was awarded to Nancy Woelfl, McGoogan Library of Medicine, University of Nebraska Medical School, Omaha, Nebraska. The Outstanding Achievement Award was awarded to Sarah Beck Kirby, Overland Park, Kansas.

- A bylaws change has been approved by the Executive Committee to remove Distinguished Senior Member status in favor of the designation Emeritus member. This designation would be for retired members & would carry a reduced dues amount. The bylaws change will go to the membership at the annual meeting.

- The executive committee has also approved a standardized process for the recognition of a deceased member.

- A special recognition of members occurred at the annual meeting: those who passed away, those who retired, new members, new first time attendees and those who serve the chapter.

MLA Goal—2. Life Long Learning
