Follow up:

Per Jackie Hittner (Treasurer), via email, August 26, 2020

The Honors and Awards Committee will need to develop a process for collecting members who want to be considered for the registration fee and determining which members should receive the free registration. Keep it simple. Just ask members to email Rose if they want to be considered for the free membership registration. I do not think we need them to submit why they want the free meeting registration.

Per Rose Frederick (Honors and Awards Chair), via email, August 28, 2020

The Honors and Awards committee would like the process to be similar to what Jackie describes, to announce that there are 4 need-based scholarships available to apply for by September 30th, and to choose the recipients on Oct 1 by lottery and notify people that day so that they will still have time to register for the meeting. The application process would be to email me to put their names in. I think just stating that it is needs based, using the honors system, and then selecting randomly will keep the process simple and fair, rather than getting people to submit statements of need and trying to select based on that. Let me know if there is anything more specific that the Honors and Awards committee needs to decide, and also if I should send out the announcement.
